Bring a separate small rucksack for using on days out and hiking, this can be the one used for your packed lunch and drink for travelling to camp, don't forget a water bottle for using on trips and any hikes.	
Sleeping bag, (zipped up) it is a good idea to buy one that will keep you warm in cold conditions (4 season/-10°) as this will ensure you are warm at night. <i>It can get cold at night even in the Summer.</i> Pillow if you want one, you can purchase blow up pillows and small travel pillows which help cut down on space. Teddy can come too if you wish.	
You can also bring a blanket, many use them as camp blankets which have badges sewn on them, you can use them when sat around the campfire to keep your back warm and at night when in bed.	
Sleeping Mat also known as a Roll Mat, or a self-inflating mat, these are very good to use under your sleeping bag in the tent to help keep you warm. Please do not bring air beds as they take up a lot of space in the tent.	
Waterproof outer garments – these are <i>essential</i>, as every year we seem to have at least one day of torrential rain. Coat and leggings preferably.

Personal washing kit – include towels for showers/beach, sun protection cream and if prone to insect bites insect repellent. Talcum powder will also help you dry off properly after a shower, stopping problems of sores. Toothbrush, toothpaste, lip balm, hairbrush/comb, for those with long hair please bring hair bands, shower gel/soap and shampoo, use sample sizes of small bottles for shower gel and shampoo as you won't need a full bottle.	

Torch and spare batteries (don't pack the torch with batteries fitted as it could easily get turned on in their bag), you can buy cheap wind-up torches which are ideal and saves the problem of batteries.	
Pyjamas/onesie – pack in with sleeping bag, this makes it very easy to find on the first night.
